

Biography: Scott Settemeyer

Remediation Division
Texas Commission on Environmental Quality

Current Position

Scott currently serves as a Work Leader in the TCEQ Voluntary Cleanup Program where he oversees, plans, and coordinates the technical activities of a team of Project Managers in the VCP.

Prior Experience and Education

Scott Settemeyer has worked for the Texas Commission on Environmental Quality for the past 12 years. He received his Bachelor of Science in Geosciences from the University of Texas at Austin in August of 2000. Immediately after graduation, he began employment with the Municipal Solid Waste Permits Section of the Texas Natural Resource Conservation Commission, the predecessor of the TCEQ. His work at the TCEQ has included the technical review of Municipal Solid Waste landfill permit applications and oversight of Municipal Solid Waste facilities. Since 2003, Scott has worked in the Remediation Division managing site cleanups under the Voluntary Cleanup Program, Industrial and Hazardous Waste Corrective Action Program, Leaking Petroleum Storage Tank Program, and the Superfund Program. Scott has also served as the Program Coordinator for the TCEQ Municipal Setting Designation Program. In 2006, Scott received his Texas Professional Geoscientist license and in 2009, Scott was promoted to Work Leader in the Voluntary Cleanup Program.
